About Molacraft

Molacraft designs and handcrafts bespoke leather goods in a small workshop. For individuals, businesses, restaurants, hotels and institutions, every piece is made to order to suit your needs.

A family business, Molacraft has passed down its craftsmanship since 1971. Each piece is handcrafted, from cutting the leather to finishing the product.

Made to order

Single-item orders welcome. Delivery within Morocco and internationally. Quantities, lead times, delivery charges and payment terms are specified in your quote.

Personalisation

Dimensions, leather type and colour, embossing, gold stamping, stitching and logos: we agree these details with you before production.

For your quote, provide the product reference, quantity, finish and marking details. Include your logo as a vector PDF if required.

Understanding dimensions

Three measurements: length × width × height, in centimetres (L × W × H).
Two measurements: length × width, in centimetres (L × W).
Round products: diameter and height are stated separately.

Dimensions are a starting point for your project. Sizes for models without stated measurements are agreed with the workshop.

Office accessories

Equip an office, meeting room or reception area. Choose your accessories, then agree a coordinated finish with the workshop.
